GLOBE®

SHADOW™ XF 14" PULL-ON

SHADOW™ XF shares the remarkably flexible platform, cushioned and contoured sole, and internal fit system that make Globe boots fit better, grip better, and feel broken in the right out of the box. The all-black SHADOW™ XF has also been designed with a heel bumper for wear resistance caused by toe-to-heel boot removal.

FEATURES

- **FLAME-RESISTANT, WATER-RESISTANT HEAVY-DUTY LEATHER.** Pebble grain leather with tumbled leather collar.
- **GORE® CROSSTECH® FOOTWEAR FABRIC.** A full-height bootie liner made from a package of Omaha lining fabric, 300g insulation, and GORE® CROSSTECH® moisture barrier provides protection unmatched by any other waterproof, breathable barrier.
- **HEELPORT™ INTERNAL FIT SYSTEM.** Holds your heel securely so it won't slip while cushioning your ankle.
- **COMPOSITE HEEL COUNTER.** Individually molded to fit each size perfectly.
- **COMPOSITE SHANK.** Lighter than steel, doesn't transmit heat or cold, springs back to shape better.
- **COMPOSITE PUNCTURE PROTECTION.** Far more flexible than a steel plate and doesn't transmit heat or cold. Exceeds NFPA standards.
- **VIBRAM® CONTOURED CUP OUTSOLE.** Molded outsole wraps onto the leather upper for athletic shoe performance. Flame, abrasion, oil, acid and slip-resistant compound engineered for high-traction and durability, even during prolonged exposure to extremes of heat and cold.
- **SLIP-RESISTANT TREAD.** Siping – thin slits cut into flat areas across the sole – opens up when flexed to provide additional traction on water and ice. Self-cleaning lugs and omnidirectional tread pattern designed for superior performance in all terrains and when working on ladders.
- **OPTIONAL VIBRAM® ARCTIC GRIP PRO OUTSOLES.** Available for even better slip resistance on wet ice.
- **FLEXIBLE NOMEX® WEBBING PULL STRAPS.** Slide easily under turnout pants and are kind to your legs.
- **KEVLAR® PROTECTIVE SHIELD.** Protects the GORE® CROSSTECH® moisture barrier, provides cut resistance, and adds thermal protection.
- **PADDED COMPOSITE SHIN GUARD.** Provides extra protection when you are working on a ladder.
- **VIBRAM® TOE BUMPER.** Made from same rugged compound as the outsole for abrasion resistance when crawling.
- **COMPOSITE SAFETY TOE CAP.** Lighter than steel, doesn't transmit heat or cold, and exceeds NFPA standards for safety.
- **VIBRAM® HEEL BUMPER.** For wear resistance caused by toe-to-heel boot removal.
- **DUAL-DENSITY ENHANCED 3D MOLDED FOOTBED SYSTEM.** Removable dual-density footbeds are contoured to cradle and cushion the bottom of your feet and to provide arch support. Urethane foam bottom layer provides durable cushioning while a micro-cellular open-cell foam top layer delivers cool, all-day comfort. Moisture-wicking and anti-microbial fabric top pulls moisture away from your feet. An additional set of polymer inserts are provided to install under the footbeds when a snugger fit is desired.
- **3D COMPOSITE LASTING BOARD.** Lasted to boot uppers with a built-in flex zone in the forefoot and a torsionally stable heel. Works together with the footbed to conform to your foot's shape.
- **ATHLETIC FOOTWEAR CONSTRUCTION.** Two-part cross-linking adhesive bonds outsoles to the upper. Without stiff welts and ribbed mid-soles, this attachment process is far more flexible.

EXTENDED SIZE RANGE

- **MEN'S:** Full Sizes 5-18 and Half Sizes 5 ½-15 ½ in Narrow, Medium, Wide, and X-Wide widths. Wide calf model available in all sizes.
- **WOMEN'S:** Full Sizes 5-12 and Half Sizes 5 ½-11 ½ in Narrow, Medium, Wide, and X-Wide widths. Wide calf model available in all sizes..

Certified to NFPA 1971 (Structural Fire Fighting) and NFPA 1992 (Liquid Splash).
CSA certified.
